

Visitor Management Reimagined

Mobile pre-registration · QR check-in · Photo verification · Real-time reporting

Built for apartments, SME offices, co-working spaces, and schools across Southeast Asia. From **Rp 50K/month** — 3–36× cheaper than global competitors.

Registration Complete!

Why LITEVM

The paper logbook, modernized

Visitors pre-register from any phone

Details, ID + selfie captured before arrival. No app install — pure web.

QR check-in in seconds

Visitor shows the QR; guard looks up and verifies instantly.

Photo verification

ID card and selfie compared at entry — identity proof at the gate.

Auto reports & audit trail

Every visit logged; CSV / PDF export. UU PDP compliant.

Email confirmations

Visitor number & confirmations via email — delivered to any inbox, zero training.

ACT Pro integration

Door rights auto-granted on check-in, revoked on sign-out.

How it works

Three steps to verified entry

Pre-register

Visitor scans the QR, fills details, captures photos, picks destination.

Show QR at the gate

Guard opens the portal and looks up the visitor number.

Verify & check-in

Match ID photo + selfie. One tap to check in — auto sign-out at day end.

Enter a visitor number (e.g. V-20250622-001)
